Interdisciplinary Studies, as the name implies, refers to taking coursework in more than one academic area. This degree requires coursework in two areas. Please indicate which two academic subject areas you have taken or will be taking coursework in:

18 credits of coursework in Academic Area One: _____________________________________________
(Please note that because these credits are required by this major, you cannot also use them to obtain a minor.)

12 credits of coursework in Academic Area Two: _____________________________________________
(Because only 12 credits are required in this second academic area, you can use them toward obtaining a minor.)

Please explain why you want to choose Interdisciplinary Studies as your major:
___________________________________________________________________________________
___________________________________________________________________________________
___________________________________________________________________________________

How do you think the two academic subject areas that you listed relate to each other and how do you think they will help you in your search for a profession after graduation:
___________________________________________________________________________________
___________________________________________________________________________________
___________________________________________________________________________________

Please be aware that this major, in addition to the 30 credits taken in the two academic areas listed above, requires the following:
1. 42 credits need to be upper division or advanced coursework, which is typically 300-400 level courses.
2. A final portfolio project, explained in the Interdisciplinary Studies worksheet.
3. 52 credits of Gen. Ed. courses required by UCC and listed in the Interdisciplinary Studies worksheet.

Mr. Rick Lilla (Main Campus) or Dr. Amy Way (Clearfield) will become your new academic advisor. Mr. Lilla is located in Stevenson Library.
